Foreword by the Founder

5

People always ask me what Financial Insight Zambia is all about. *What is FI? Who are you guys? What do you do? What are you all about?* These and myriad other questions have permeated my life for some time. I always respond with a smile and with gusto, and I am honoured to do so again.

Financial Insight is a dynamic and evolving media management company with a pan-African vision that extends beyond our borders and region. At the core of our company's business is corporate information and business intelligence. The mechanisms for obtaining, classifying, packaging and distributing that information gave impetus to the creation of ***the FiMedia Machine*** that today has a presence on six **social-media platforms**, on **YouTube**, on a dedicated **website** and on **national television**.

Today, Financial Insight is a multi-platform publishing, media management, financial and business intelligence, and consultancy company. Its business model is centred around creating a positive platform for corporate content. Financial Insight regularly seeks out and delivers on high-quality media partnerships with corporate entities and national and international events organisers.

The ideas behind the Financial Insight project go as far back as June 2016 when I launched a blog titled: *'The Financial Health of Zambia's Premier Companies.'* This was a passion project. I wanted the ability to predict the future performance and strategic financial prospects of Zambia's companies, but there was simply insufficient information on the market, including on the Lusaka Stock Exchange (LuSE) and the Securities and Exchanges Commission (SEC) informational portals.

I was quick to spot this as a gap in the market.

It was a gap that I would move in to fill, both for my personal requirements, and also for use by others. Armed with the annual reports of companies listed on the Lusaka Stock Exchange, I proceeded to present business analysis and valuation information in respect of those premier companies on the blog.

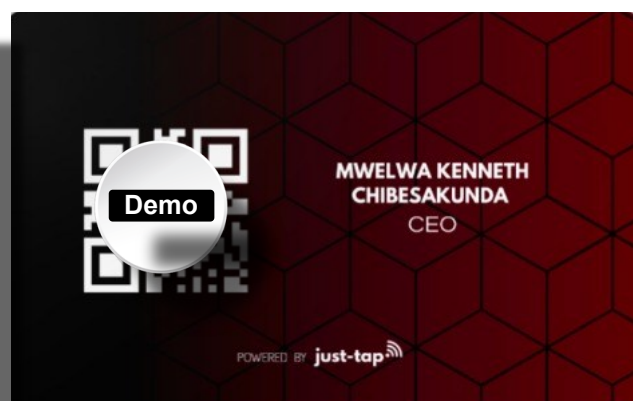

'The Financial Health' blog was a roaring success and that spawned the idea of a media company. The scope expanded beyond just the financial health of companies. Financial Insight positioned itself to consider what corporate information the market desired, especially information that was largely missing or inaccessible. Financial Insight would also consider the messaging needs of corporate entities.

Thus, Financial Insight would position itself to act as the bridge; a media partner to companies, enabling them to share stories of their successes and strategies and a go-to information resource for its avid followers and the Zambian market.

FinInsight Zambia Ltd registered as a private limited company in May 2017.

We have a great team of qualified and technical experts who are not just tech-savvy but also competent media creatives and operatives.

The **FiTeam** comprises experts in information systems, software developers, economists, accountants, videography and photography experts, graphic designers, business analysts and financial modellers, and a lot more besides. This allows us to approach product design and delivery in ways that are previously unseen in media. Financial Insight is different in business broadcasting for digital media and television in that we do not deploy journalists. We believe that our format leads to more considered and more naturally fitting products and services that our competition have not even considered possible, let alone plausible.

Products and Services

So, what does Financial Insight actually do? I describe Financial Insight as a publishing house, a business news website, a financial magazine, a social-media-for-business channel, a television station and a consulting firm, all rolled into one tech-savvy organisation that is not shy to embrace new and emerging technologies, including Artificial Intelligence (AI).

The secret weapon behind Financial Insight is our uniqueness—in the way we have formed a '*media team*,' and our unique position in the media market, with a unique set of products.

In April 2025, Financial Insight positioned itself as a TV outlet with the birth of **FiTV**, a natural progression from our flagship product, **the FiZ Show**. Our products surprise and delight our followers and clients alike, creating a singularly refreshing media buzz.

That, ladies is a snapshot of Financial Insight. For details, please read on and, as we like to say at Financial Insight, ***Get to know!***

Warm regards,
Mwelwa Chibesakunda
 Founder and CEO
 Financial Insight Zambia

Vision, Mission and Values

7

Vision

Our vision is to be leaders in reimagining and reshaping the future of media management and corporate insight in Africa.

We desire to take the lead in redefining the nature of media services for Zambia, for the sub-region and for the African continent. We believe in the explosive synergies that result when excellence in people meets cutting edge technological innovation in the media space.

Mission

We aim to pioneer a transformative era in media management, driving innovation and delivering insightful corporate narratives across Africa.

Financial Insight is committed to providing cutting-edge solutions that redefine the way media is managed, offering comprehensive insights that empower businesses and fostering a deeper understanding of the corporate world in Africa.

Through strategic initiatives, creative excellence, and technological advancements, we aim to be at the forefront of shaping a dynamic and progressive future for media and corporate insight on the African continent.

Values

Our greatest value is the pursuit of excellence.

We are dedicated to achieving excellence in all that we do. From content creation to media management, we strive for the highest quality and effectiveness, setting benchmarks for success in the industry.

We demonstrate excellence in the way we drive and shape the agenda and direction for media services, leaving long-established media houses following in our wake.

Innovation: We embrace creativity and continuously seek innovative solutions to stay ahead in the constantly changing world of media services. Our commitment to innovation allows us to deliver cutting-edge media solutions and redefine the standards of excellence.

Integrity: Integrity is the foundation of our interactions, both internally and with our clients. We uphold the highest ethical standards, ensuring transparency, honesty, and accountability in every aspect of our work.

Collaboration: We believe in the power of collaboration. We pursue and foster strong partnerships with our clients, team members, and the wider community in order to amplify our collective capabilities and create a positive impact in the media industry.

Client Success: The success of our clients is at the heart of our mission. We are committed to understanding their unique needs, providing tailored solutions, and ensuring that our services contribute significantly to their growth and achievement of goals.

Adaptability: We understand that the world of media is one of constant dynamism; a world in which adaptability is crucial. We embrace change, stay agile, and proactively adjust our strategies to align with emerging trends and technologies, ensuring sustained relevance and effectiveness.

Empowerment: We empower individuals and businesses by providing valuable insights, fostering knowledge sharing, and cultivating the next generation of media and business leaders through our training and internship initiatives.

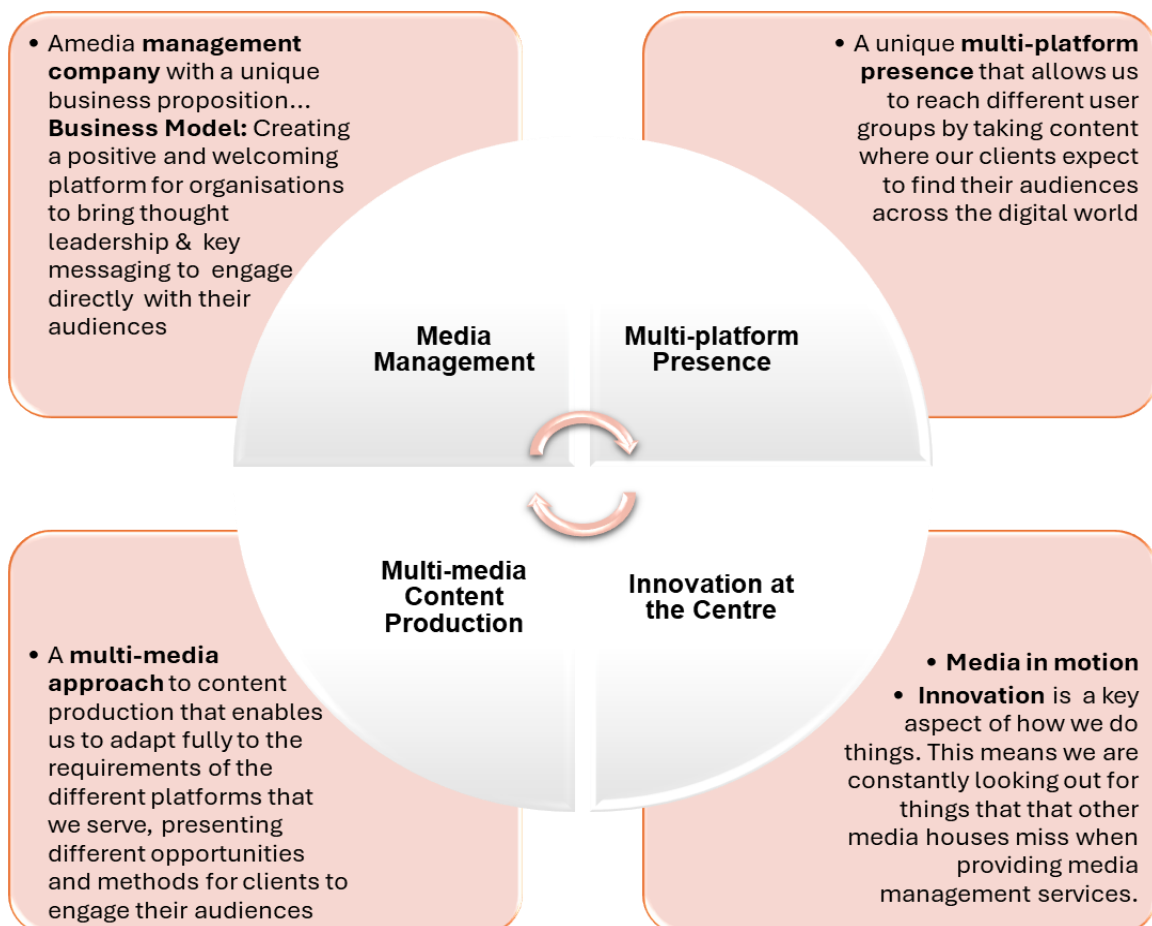

These values collectively define the culture of Financial Insight, guiding our actions and decisions as we strive to make a meaningful impact in the media management and corporate insight space in Africa.

Media in Motion

We want to welcome you to the future of media. At Financial Insight, we do media differently. As a dynamic and growing player in the industry, we go beyond traditional approaches to deliver the impact that brands deserve.

What Makes FiZ so Different from the Rest

It's all about our innovative approach to media

Brokers, but also Hosts

We occupy both worlds – Unique in the media space

A Multi-platform Presence

Present on all major digital platforms & other novel approaches (E.g., FiZ Show/ FiZ Shorts)

Our Agility

Ability to deploy corporate messaging immediately or on demand with flexibility to the client

Going the Extra Mile

Beyond just headlines, we partner with you to deliver your narrative over time

Media Buying

Years spent cultivating strong connections in the corporate and media worlds and building up immense social capital have positioned Financial Insight strongly to offer media buying services. We act as honest brokers and negotiate media services on behalf of companies.

This is what we do in our media buying service:

- **Audience Research:** We study the various pools of digital outlets to discover where your target audience likes to hang out.
- **Media Outlet Research:** We conduct market research and analysis to discover the best outlets for your target audience.
- **Media Outlet Engagement:** We perform the role of honest brokers and make media outlet deals on your behalf.

Events Media Partnerships

We excel at events. Our coverage of corporate events and conferences/summits at local/national and international stages is unparalleled.

When you partner with us for an event, we do not just take pictures and post on social media. We craft a story around the event, ensuring that we carry the most relevant, optimal narrative.

We create a body of content that goes beyond just headlines or speeches. Our outputs include Live-Tweets and infographics artworks that work in concert to tell your corporate story.

FiTV—Television and Video Production and Broadcasting

The FiTV is our business unit for production of professionally edited video products and television programmes. Products from FiTV include:

- **The FiShow:** As seen on Prime TV and our YouTube Channel
- **Video and TV advertisements:** if you have an advertising project, Financial Insight can produce your video ads.

Digital Marketing Service

We plan, organise and manage digital marketing campaigns that we run on in-house and client digital platforms. Our approach to digital marketing is holistic, incorporating elements of crafting useful information (articles and digital collateral) for your target audience as well as running adverts in different media forms, such as;

- Video ads;
- Infographic ads;
- Infomercials (both video and text/articles)

Content Placement on Digital Platforms

We invite clients to place their articles, infographic artworks or ads, and videos for hosting on our digital platforms, namely;

- Facebook
- Instagram
- LinkedIn
- X (Twitter)
- YouTube
- The Daily FiZ Newsletter

Media (Audio-Visual) Creation Services

We have a team of professional photographers and graphic designers for products including:

- Image Capture & Branding/production
- Video Capture
- Videographic Production
- Infographic Production

Copywriting & Content Creation

Our content creation (article writing) and copywriting prowess is of superior quality. If you have content ideas or a marketing campaign but lack the time or capacity to produce the actual content or marketing copy, we are on hand to hold your hand. We craft content in a manner that fits your expectations and tone for your intended/target audience.

Our content creation and copywriting outputs include;

- Crafting Articles (for your website or page)
- Creating Copy for visual ads
- Drafting posts for your Social Media

Corporate Communications

We have an exciting menu of Corporate Communication Services for example:

- Keynote Speaking/ Guest Speaking
- Survey Development/ Survey Deployment
- Newsletter Circulation
- Corporate & Executive Profiling

Consultancy Services

Our team of qualified and highly skilled consultants are always on hand to provide valuable consultancy services in all of the following areas:

- Financial & Business Consultancy
- Informational Research & Data Analysis
- Stakeholder Management
- Financial Reporting
- Financial Modelling & Operational Modelling
- Strategic Plans & Business Plans
- Business Proposals & Grant Proposals
- Brand Management

Our Clients and Partnerships

13

APO Group

We are proud to be in partnership with the APO Group. Headed by Nicholas Pompigne-Mognard, APO is one of the leading media organisations in Africa and the Middle East. Mr. Pompigne-Mognard visited us, liked what he saw and gave a ringing endorsement for a partnership.

Prime TV

Prime TV has been a staunch partner with us since the launch of **Season 2** of 'The FiZ Show,' in June 2023. Since then, we have broadcast episodes of the show every Friday consistently and without repeats.

Studio @Lifestyle Media

This is one of the strongest and longest partnerships that Financial Insight holds. The studio, now at Arcades Shopping Mall, has been with us ever since video content became a central strategy. They produce every one of our professionally-made TV episodes and a lot more besides.

The Africa Energy Forum

In June 2023, we attended the Africa Energy Forum in Nairobi, Kenya, as official **Media Partner**. There, we interacted with key leaders and entrepreneurs in the energy sector.

GreenCo Power Services Ltd

GreenCo have been great supporters of the Financial Insight brand and the team, ever since **Season 1** of the FiZ Show. We have been grateful of the endorsement provided by this innovative company, and happy to reciprocate by providing a spotlight on some of their initiatives and pioneering deals.

American Chamber of Commerce

Financial Insight is a proud member of the American Chamber of Commerce. AmCham offer their members remarkable services, especially around events management, and one of our strategic drives is to weaponise events for the benefit of the media community.

Our Digital Presence and Reach

15

We believe that media is not just one thing; it is not just *social media*, or a website. It is not just TV or glossy prints either. To have a full grasp of media, we must be present wherever people coalesce to consume media.

That is the reasoning behind our multi-platform presence. Today, Financial Insight has a presence and a meaningful foothold on five social media platforms and on the leading professional social network (**LinkedIn**).

It's true that different audience personas gravitate to their preferred platforms and that certain platforms are better suited for a particular kind of discourse than others. For example, LinkedIn is almost exclusively suited for professionals and for a business orientated audience.

Our own experience also shows that there is considerable overlap among the platforms, depending on what the subject-matter happens to be. Our discourse is centred around the enterprise and financial ecosystems, and we have seen how our followers and audience are,

in fact, present on multiple platforms.

Also, our follower-personas are not a one-size-fits-all, comprising a significant number of C-Suite Executives.

A promotional poster for the EU-ZAMBIA BUSINESS FORUM. At the top, it features the logos for Global Gateway, the European Union, and Zambia. The main title is "EU-ZAMBIA BUSINESS FORUM" in white text on an orange background. Below this, the theme is "Growing the Copper Industry through Green Value Chains" in white text. The EUZBF logo is also present. The text "OFFICIAL MEDIA PARTNER" is written in white. The dates "10-12 April 2024, Kitwe" and the special guest "H.E. President Hakainde Hichilema" are listed. At the bottom, it says "EXCLUSIVELY ON" followed by icons for YouTube, Facebook, Instagram, X, and LinkedIn.

#	ICON	PLATFORM	FOLLOWERS	MONTHLY POST REACH/VIEWS
1		Facebook	29,000	750,000
2		Instagram	2,575	6,500

7		Prime TV Facebook Page	660,000	100,000
8		Website	<u>NA</u>	TBA

Our Plans and Prospects

17

FiTV

We launched the FiZ Show, with a three-month pilot on **KBN TV** in March 2023. This project was a co-creation with the station and was also a test of market appetite. At the start of **Season 2**, we made a strategic switch: Financial Insight would produce and own the exclusivity rights to all FiZ Show content. Thus, **FiTV** was born.

The desire for exclusive rights to our content necessitated the change in partnership from KBN to **Prime TV**. This also saw the launch of the FI YouTube Channel and the hosting of the FiZ Show on our in-house digital channels.

The latest iteration of the Financial Insight Website will see FiTV come to our website as well.

Events

We have an unsurpassed track-record in managing media, content capture and

broadcasting at national and international corporate events. Financial Insight has secured highly sought-after media partnerships. Mining Indaba, the Africa Energy Forum, the Africa FinTech Summit and COP28 are a few examples of events where we provided tailored services to media partners.

Our experience and expertise in managing media events makes prepares us well for our own events. Financial Insight will design and host the **FI Media Indaba** as an annual event.

The FiMedia Workshops

Financial Insight is bringing a new innovation in the media space in Zambia. Introducing the **FiMedia Workshops**. This groundbreaking event will feature pools of experts, thought leaders and policy makers in the country's media ecosystem.

The essence of the **FiMedia Workshops** is to address the issues that affect operations, regulation and entrepreneurship in the media environment. The workshops are designed to attract expertise from the public sector, NGOs, private enterprise and media houses.

The workshops will be held over a couple of days featuring themed discussion forums with panels drawn from the different stakeholder groups. Prizes may be available to the best performing entities.

The FiMedia Room

One of the hottest innovations at Financial Insight has been the

deployment of the **FiMedia Room** at the corporate Events that we attend. In collaboration with event organisers, Financial Insight sets up lights, camera and action-readiness for corporate officers, experts and influencers to share key takeaways from an event as well as their ideas and prospects.

Media Room has been one of the most successful product introductions into the Zambian media market.

The Financial Insight Press Release Database

With the launch of a revitalised and revamped website, Financial Insight is launching a **Press Release database**. We shall endeavour to collect and curate press releases from the country and region's key organisations and host them all on a central platform on our website.

We plan to make the Press Release Database fully searchable, and highly classified, so that visitors are able to locate and track press releases by entity, by period and by industry sector.

The Financial Insight Team

19

Mwelwa Chibesakunda Founder

Mwelwa's academic accolades include a Master of Business Administration (M.B.A.) with a focus on strategic management from Alliance Manchester Business School, awarded in 2016. His coursework covered areas such as managerial economics, accounting in business, marketing, operations management, strategic management, and corporate finance. He also holds a Master's degree in computer science from the University of Cape Town, awarded in 2004. His specialisation in software development and wireless networks highlights his dedication to the field.

Mwelwa's career in information technology, strategy development, company financial analysis, corporate communication, and financial journalism spans over 17 years, marking a significant career in the financial and ICT landscape.

Mwelwa has been the driving force behind Financial Insight Zambia since June 2016, combining the roles of Founder and CEO.

In this capacity, he has excelled in providing financial and non-financial analyses of Zambian companies listed on the Lusaka Stock Exchange. His work extends to strategy formulation for corporates and market analysis, as well as media liaison with corporate entities. Mwelwa is also known for his contribution to the development of internship programs for financial journalists.

Mwelwa's spend almost two decades of his career years in the energy sector, particularly electricity and power supply. Energy-sector roles included Principal Business Analyst and then Chief Strategy & Performance Management Officer, with responsibilities such as developing business strategies, conducting PESTLE analysis, strategic planning and risk management. Mwelwa's expertise also extended to board and corporate management reporting.

Mwelwa's career journey began as a Network Engineer at CopperNet Solutions Limited from September 2000 to December 2002. His initial steps in the field set the stage for his remarkable career.

Financial Insight Zambia @financialinsightzambia @FinInsightZam

Clarence Chongo CFO | COO | Chief Editor

A seasoned financial professional Clarence's passion for constructing dynamic financial models has been a central theme of his career. He comes with a strong foundation through training by the Association of Chartered Certified Accountants and has a degree in Accounting & Business, obtained through the ACCA programme. Clarence's career journey reflects his expertise in finance and strategic leadership. He has held key positions in various sectors, including hotels and mining, where he's made significant contributions.

Clarence Chongo began his career in finance at P&O Cruises in Southampton, UK, as an Accounts Payable clerk. Then followed a string of roles that saw him start and rise up the leadership ladder. His UK career culminated with a position as Business Analyst at Nottingham City Council in December 2010.

In Zambia, Clarence worked as Financial Controller at Minor Hotels, from May 2019 to

June 2020. In this capacity, he provided leadership and oversight for financial operations, policies, and compliance at the prestigious Royal Livingstone Hotel by Anantara, and the Avani Victoria Falls Resort.

Prior to this, Clarence was the Business Planning and Analysis Officer at Zamtel Ltd from 2011 to 2013. In this role, he managed the implementation of Oracle ERP, transitioning the organisation from manual financial systems.

Then followed the position of Finance Manager at AAC Mining Executors Ltd, a role he held for precisely six years. His achievements here included automating financial operations and reporting through advanced financial modelling.

Currently, Clarence is the CFO at Financial Insight, and is also in charge of operations and content generation. He is responsible for managing the company's financial strategy, aligning it with strategic policies to drive financial success, alongside overseeing the quality of content and media outputs and products.

OFFICIAL MEDIA COLLABORATOR

5-8 February 2024 | CTICC | Cape Town, South Africa

Follow us on:

Gerald Hamuyayi **Chief Economist & Writer/ Reporter**

Gerald is one of the young, sharp minds of Financial Insight whose passion is in all things Economics and all things Financial.

Currently still a student at the University of Zambia, Gerald is pursuing his Master of Arts in Economics, a degree which is substantially in the bag, awaiting the conclusion of his dissertation.

Gerald joined Financial Insight in March 2024 as an intern correspondent in field reporting. He has since taken on a much larger role, with more responsibilities. Alongside his analytical articles on the Zambian economy and financial markets, Gerald oversees the successful delivery of the weekly broadcast of the Financial Insight Show on Prime TV. His other roles include monitoring the financial markets as well as the actions of the market regulator (the Bank of Zambia).

Gerald has expressed the desire to sharpen his analytical toolbox through financial modelling.

Natasha Sichone **Business Development Executive | Market Analyst**

Natasha holds a Bachelor's degree in Economics and a certificate in Stockbroking and Investment Advisory. She has previously worked as a spokesperson and sales representative for German Agricultural companies and as a Business Development Intern at ZESCO Limited.

Natasha has been an integral part of Financial Insight's Digital Marketing division for more than five years. Besides this role, Natasha has years of experience in Marketing, Sales and Business Development gained through her tenure at technology companies in Zambia.

Her duties include compiling reports that consist of the local and international business news, as well as capital markets analysis for our target audience which includes 700 email subscribers who happen to be key players in the corporate and business sectors. Natasha has been managing and growing this portfolio since the beginning of her career at Financial Insight. Natasha also does most of the graphic designs that are posted on our social media pages.

ZiND!

Praise Ngulube **Field Reporter | Social Media Coordinator**

Praise Ngulube is a graduate from the Evelyn Hone College of applied arts and Commerce, with a diploma in Journalism and Public relations. With her journalism background was one of the participants of the first ever Youth Parliamentary Academy in Zambia.

Praise has honed her journalism skills at esteemed organisations such as KNC, ZNBC, and BBC Media Action. Her deep understanding of the journalistic process provides her with a unique perspective on current affairs and the power of effective communication.

At Financial Insight, Praise uses her expertise to enhance financial literacy among the Zambian population. Her work contributes significantly to the growth of social capital within the organization, ensuring that Financial Insight's message reaches a wider audience and empowers individuals to make informed financial decisions.
